

31-226 Kraków
ul. A. Vetulaniego 5

REGON: 120196250
NIP: 9452050840

**LIST OF FACILITIES
DESIGNED, CO-DESIGNED AND OPENED
BY ZYGMUNT WYSOCKI
FROM 1980 TO 2015**

Cracow

2016

No.	Investor	Type of installation	Type of cleaned gasses	Capacity	Country	Year
1	ERG Gliwice	catalytic afterburner	cresol from the line of plating	3.000 m ³ /h	Poland	1981
2	Fruit store Stryków near Łódź	CO ₂ washer	CO ₂ drainage from the apple store	300 m ³ /h	Poland	
3	ERG Gliwice	catalytic afterburner	cresol from the line of plating	18.000 m ³ /h	Poland	
4	Fruit store Stryków near Łódź	CO ₂ washer	CO ₂ drainage from the apple store	300 m ³ /h	Poland	
5	Fruit store Tuszyn near Łódź	CO ₂ washer	CO ₂ drainage from the apple store	300 m ³ /h	Poland	
6	Fruit store Grójec near Warszawa	CO ₂ washer	CO ₂ drainage from the apple store	300 m ³ /h	Poland	1982
7	CORNELL UNIV. Ithaca, N.Y. Pomology DPT	catalytic afterburner of ethylene	ethylene drainage from the apple store	300 m ³ /h	USA	
8	Fruit store Tuszyn near Łódź	catalytic afterburner of ethylene	ethylene drainage from the apple store	300 m ³ /h	Poland	
9	CORNELL UNIV. Ithaca, N.Y. Pomology DPT	catalytic afterburner of ethylene	ethylene drainage from the apple store	300 m ³ /h	USA	
10	POLONIT Łódź	catalytic afterburner	extraction petrol from the production of asbestos packing	18.000 m ³ /h	Poland	1983
11	ERG Gliwice	catalytic afterburner	cresol from the line of plating	18.000 m ³ /h	Poland	
12	ERG Gliwice	catalytic afterburner	cresol from the line of plating	18.000 m ³ /h	Poland	
13	MICHIGAN STATE UNIVERSITY Lansing, MI	catalytic afterburner of ethylene	ethylene drainage	300 m ³ /h	USA	1984
14	POLFA Kraków	catalytic afterburner	methanol, ethyl acetate, pharmaceutical driers	500 m ³ /h	Poland	
15	BONOMI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	Italy	
16	POLFA Kraków	catalytic afterburner	methanol, ethyl acetate, pharmaceutical driers	500 m ³ /h	Poland	
17	TUBAMET Bushs	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	Switzer-land	
18	POLFA Kraków	catalytic afterburner	methanol, ethyl acetate, pharmaceutical driers	500 m ³ /h	Poland	
19	ERG Gliwice	catalytic afterburner	line of plating machines	18.000 m ³ /h	Poland	1985
20	POLFA Kraków	catalytic afterburner	methanol, ethanol, acetates, pharmaceutical driers	500 m ³ /h	Poland	

21	METALSPRZĘT Rzeszów	catalytic afterburner	xylene, butyl acetate from the lacquering lines	500 m ³ /h	Poland	
22	ERG Gliwice	catalytic afterburner	line of plating machines	18.000 m ³ /h	Poland	
23	CELWISKOZA Jelenia Góra	catalytic afterburner	H ₂ S, CS ₂ , CO from the production of viscose fibre	12.000 m ³ /h	Poland	
24	METALSPRZĘT Rzeszów	catalytic afterburner	xylene, butyl acetate from the lacquering lines	500 m ³ /h	Poland	
25	GUMOWNIA Trzebinia	catalytic afterburner	phthalates - plating line	3.000 m ³ /h	Poland	
26	ERG Gliwice	catalytic afterburner	line of plating machines	18.000 m ³ /h	Poland	
27	CELWISKOZA Jelenia Góra	catalytic afterburner	H ₂ S, CS ₂ , CO from the production of viscose fibre	12.000 m ³ /h	Poland	
28	METALSPRZĘT Rzeszów	catalytic afterburner	xylene, butyl acetate from the lacquering lines	500 m ³ /h	Poland	
29	ZELMER Rzeszów	catalytic afterburner	phthalates - plating line	3.000 m ³ /h	Poland	
30	METALSPRZĘT Rzeszów	catalytic afterburner	xylene, butyl acetate from the lacquering lines	500 m ³ /h	Poland	
31	NEOGEN FOOD TECH. Lansing, MI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	USA	1986
32	NBB Fredrikstadt	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	Norway	
33	NEOGEN FOOD TECH. Lansing, MI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	USA	
34	FOTOPAM Augustów	catalytic afterburner	styrene from the production of laminated boats	500 m ³ /h	Poland	
35	NEOGEN FOOD TECH. Lansing, MI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	USA	
36	SZEW Biegonice	catalytic afterburner	benzo-alpha-pyran from the production of carbon electrodes	15.000 m ³ /h	Poland	
37	Small engine cars fabric Tychy	catalytic afterburner	bodywork drying line	1.000 m ³ /h	Poland	
38	KFAP Kraków	mobile, catalytic afterburner	CO, methane	300 m ³ /h	Poland	
39	NEOGEN FOOD TECH. Lansing, MI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	USA	
40	NBB Fredrikstadt	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	Norway	
41	Garbarz Kraków	mobile, catalytic afterburner	CO, methane	300 m ³ /h	Poland	

42	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
43	POLFA Kraków	mobile, catalytic afterburner	methanol, ethanol from the manufacturing of medicines	300 m ³ /h	Poland	
44	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
45	NEOGEN FOOD TECH. Lansing, MI	catalytic afterburner of ethylene	ethylene drainage from the fruit store	300 m ³ /h	USA	
46	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
47	SZEW Biegonice	catalytic afterburner	benzo-alpha-pyran from the production of carbon electrodes	15.000 m ³ /h	Poland	
48	KFAP Kraków	mobile, catalytic afterburner	CO, methane	2x300 m ³ /h	Poland	
49	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
50	JUBILER Kraków	mobile, catalytic afterburner	methane, CO from the jeweler laboratory	300 m ³ /h	Poland	
51	Garbarz Kraków	mobile, catalytic afterburner	CO, methane	300 m ³ /h	Poland	
52	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
53	POLFA Kraków	mobile, catalytic afterburner	methanol, ethanol from the manufacturing of medicines	300 m ³ /h	Poland	
54	FOTOPAM Augustów	mobile, catalytic afterburner	styrene from production compartments	300 m ³ /h	Poland	
55	POLONIT Łódź	catalytic afterburner	xylene, toluene from the lacquering driers	1.000 m ³ /h	Poland	1987
56	ZAKŁADY AZOTOWE Kędzierzyn	catalytic afterburner	CO, maleic anhydride from the production of maleic anhydride	18.000 m ³ /h	Poland	
57	FABRYKA KABLI Czechowice	catalytic afterburner	cresol, CO from the cable paint shop	5.000 m ³ /h	Poland	
58	RAFINERIA Czechowice	catalytic afterburner	mercaptans, CO from asphalt oxidation	18.000 m ³ /h	Poland	
59	FABRYKA KABLI Czechowice	catalytic afterburner	cresol, CO from the cable paint shop	5.000 m ³ /h	Poland	
60	HUTA ALUMINIUM Skawina	catalytic afterburner	mercaptans, benzo-alpha-pyran	1.000 m ³ /h	Poland	1988

61	WESSEM Wieliczka	catalytic afterburner	xylene, toluene from the production of halogen lamps	1.000 m ³ /h	Poland	
62	ROMET bicycle plant Bydgoszcz	catalytic afterburner	bicycle elements dryers after coating	2.000 m ³ /h	Poland	
63	HAGRAF Harnosand	catalytic afterburner	benzo-alpha-pyran from the production of carbon electrodes	1.000 m ³ /h	Sweden	
64	ROMET bicycle plant Bydgoszcz	catalytic afterburner	bicycle elements dryers after coating	2.000 m ³ /h	Poland	
65	VOLVO Goteborg	catalytic afterburner	xylene, acetates from the car paint shop	1.000 m ³ /h	Sweden	
66	GEVEKO Goteborg	catalytic afterburner	xylene, acetates, cyclohexanol from the production of road surface paints	12.000 m ³ /h	Sweden	1989
67	GUMOWNIA Trzebinia	catalytic afterburner	phthalates from the rubber plating machines	5.000 m ³ /h	Poland	
68	PREGIPS Kraków	catalytic burner	methanol from the manufacturing of surgical bands	4.000 m ³ /h	Poland	
69	Mechanised Home Appliance Plant PREDOM ZELMER Rzeszów	catalytic afterburner	hoover element's dryers after coating	2.000 m ³ /h	Poland	
70	TATABANYA- BANYAK	catalytic afterburner	methane, CO, H ₂ S from the WWTP	1.000 m ³ /h	Hungary	
71	Mechanised Home Appliance Plant PREDOM ZELMER Rzeszów	catalytic afterburner	hoover element's dryers after coating	4.000 m ³ /h	Poland	
72	RAFINERIA Czechowice	catalytic burner	mercaptans, CO from oxidizing of asphalts	500 m ³ /h	Poland	
73	AGROMET harvesting machines plant Poznań	catalytic afterburner	drying tunnel and machine elements dryers	2.000 m ³ /h	Poland	
74	VOLVO Goteborg	catalytic afterburner	CO, NO _x reduction - experimental installation in the diesel engine test house	1.000 m ³ /h	Sweden	
75	DRUKARNIA im. Anczyca Kraków	catalytic afterburner	solvents of printer paints	5.000 m ³ /h	Poland	
76	OPAKOMET Kraków	catalytic afterburner	solvents of printer paints	3.000 m ³ /h	Poland	1990
77	POLFA Poznań	catalytic afterburner	methanol, ethanol from the production of surgical threads	2.500 m ³ /h	Poland	
78	AGROMET harvesting machines plant Poznań	catalytic afterburner	drying tunnel and machine elements dryers	4.000 m ³ /h	Poland	
79	KRAKOWSKIE ZAKŁADY TYTONIOWE	catalytic afterburner	post-digester tobacco gasses	8.000 m ³ /h	Poland	

	Kraków					
80	SILWANA Silk Fabric Gorzów Wlkp.,	catalytic afterburner	fabric drying after impregnation	7.000 m ³ /h	Poland	
81	ZAKŁADY CHEMICZNE Oświęcim	catalytic afterburner	styrene from the production of artificial rubber	9.000 m ³ /h	Poland	
82	Wytwórnia Pasz Treściowych - Budy Niemianowice	catalytic afterburner	amines, fats, mercaptans	750 m ³ /h	Poland	
83	FSM Tychy	catalytic afterburner	lacquer solvents from the body drier after lacquering	2.500 m ³ /h	Poland	1991
84	FATRA Napejedla	catalytic afterburner	foil drying after printing	10.000 m³/h	CSRF	
85	FSM Tychy	catalytic afterburner	lacquer solvents from the body drier after adhesive of mastix	4.000 m ³ /h	Poland	
86	APENA Bielsko-Biała	catalytic afterburner	lacquer solvents from the paint shop	1.000 m ³ /h	Poland	
87	ROMET bicycle plant Bydgoszcz	catalytic afterburner	bicycle elements dryers after coating	7.000 m ³ /h	Poland	
88	FADROMA Wrocław	catalytic afterburner	lacquer solvents from the machine parts drier	1.000 m ³ /h	Poland	
89	FSM Tychy	catalytic afterburner	lacquer solvents from the body drier after adhesive of mastix	4.000 m ³ /h	Poland	
90	ROMET bicycle plant Bydgoszcz	catalytic afterburner	bicycle elements dryers after coating	10.000 m ³ /h	Poland	
91	TARNOKOP Tarnów	catalytic afterburner	organic solvents from the lacquer chamber	2.000 m ³ /h	Poland	
92	FADROMA Wrocław	catalytic afterburner	lacquer solvents from the machine parts drier	1.000 m ³ /h	Poland	1992
93	NUKEM Valasské Meziříčí	catalytic afterburner	Vacuum filter	500 m³/h	Czech Republic	
94	FADROMA Wrocław	catalytic afterburner	lacquer solvents from the machine parts drier	1.000 m ³ /h	Poland	
95	DEZA Valasské Meziříčí	catalytic afterburner	Vacuum filter	1.000m³/h	Czech Republic	
96	PHS Kraków	catalytic afterburner	exhaust gasses from a coffee-roasting room	4.000 m ³ /h	Poland	
97	DEZA Valasské Meziříčí	catalytic afterburner	Vacuum filter	2.000m³/h	Czech Republic	
98	Synthesia Pardubice	catalytic afterburner	styrene, acrylonitrile	2.000 m³/h	Czech Republic	
99	METALPLAST Kraków	catalytic afterburner	lacquer solvents from the machine parts drier	300 m ³ /h	Poland	1993
100	PAL MAGNETON Kroměříž	catalytic afterburner	Drying after the motor windings impregnation	2.000 m³/h	Czech Republic	
101	RAFINERIA Gdańsk	catalytic afterburner	lacquer solvents from the lacquer room of packages	6.000 m ³ /h	Poland	
102	KĘDZIERZYN Nitrogen Plant Kędzierzyn Koźle	catalytic afterburner	Benzene post-burning from the maleic anhydride installation	12.000 m ³ /h	Poland	

103	MOSTARNA Hustopeče u Brna	Dryers after coating	xylene, toluene	7.000 m3/h	Czech Republic	
104	NORDCAP- PLASTIC Gdańsk	catalytic afterburner	styrene from the plant of laminated goods	15.000 m3/h	Poland	
105	POLMO Tczew	catalytic afterburner	lacquer solvents from the drier	1.500 m3/h	Poland	1994
106	KZF-POLFA Kraków	catalytic afterburner	PÓLTECHNIKA dryers	700 m3/h	Poland	
107	PREMA-MILMET Sosnowiec	catalytic afterburner	lacquer solvents from the drier	4.000 m3/h	Poland	
108	KZF-POLFA Kraków	catalytic afterburner	ENERBOL dryers	700 m3/h	Poland	
109	MERA-PAFAL Świdnica	pyrolytic chamber	varnishing suspensions		Poland	
110	CPN Katowice	catalytic afterburner	ethanol post-burning after fuel freezing	1.000 m3/h	Poland	
111	PŘEROVSKÉ STRIJIRNY A.S. Přerov	catalytic afterburner	post-coating gases post-burning	2.000 m3/h	Czech Republic	
112	Jolanta Kwaśnicka Koszalin	catalytic afterburner	scents from the coffee- roasting room	1.500 m3/h	Poland	
113	Swarzędzkie Fabryki Mebli	catalytic afterburner	lacquer solvents	5.000 m3/h	Poland	1995
114	Zakład Tworzyw Sztucznych Oława	catalytic afterburner	organic solvents and plasticizers	2.500 m3/h	Poland	
115	ZELMECH- DOMGOS	catalytic afterburner	Rodofos - the station of elements degreasing	1.000 m3/h	Poland	
116	STILON Gorzów	catalytic afterburner	acetates from the production of audiotapes	6.000 m3/h	Poland	
117	POLFA Kraków	catalytic afterburner	methanol, ethanol, acetates from the pharmaceutical driers	750 m3/h	Poland	
118	ZAKŁADY AZOTOWE Kędzierzyn	catalytic afterburner	benzene, CO, maleic anhydride	12.000 m3/h	Poland	
119	FIBAK- MARQURD PRESS	catalytic afterburner	isopropanol, post-offset gasses	15.000 m3/h	Poland	1996
120	POLINOVA Oświęcim	catalytic afterburner	pentane, styrene from the production of foamed polystyrene	3.000 m3/h	Poland	
121	MOSTARNA Hustopeče u Brna	catalytic afterburner	Dryers after coating xylene, toluene	7.000 m3/h	Czech Republic	
122	POLFA Kraków	catalytic afterburner	methanol, ethanol from the pharmaceutical driers	750 m3/h	Poland	
123	CPN Baronowo	catalytic afterburner	petrols, methanol from the petrol recovery installation	1.000 m3/h	Poland	
124	STARKO Częstochowa	catalytic afterburner with full heat recovery	xylene, toluene	3.500 m3/h	Poland	1997
125	MOSTOSTAL Zabrze	catalytic and adsorption installation	post-lacquering gasses	16.000 m3/h	Poland	
126	Drukarnia Akcydensowa Łódź	catalytic afterburner	ethanol, ethyl acetate, isopropanol	16.000 m3/h	Poland	

127	Drukarnia Akcydensowa Łódź	catalytic afterburner	ethanol, ethyl acetate, isopropanol	5.000 m3/h	Poland	
128	HERBAPOL Wrocław	adsorption	methylene bromide	2.000 m3/h	Poland	
129	MARQUARD-PRESS Katowice	modernization	post-offset gasses	20.000 m3/h	Poland	
130	ERG Oława	major repair and modernization of the catalytic afterburner	organic solvents and plasticizers	2.500 m3/h	Poland	1998
131	PAFAL Świdnica	major repair of two pyrolytic chambers	lacquer waste		Poland	
132	ZELMOT Warszawa	building of the catalytic installation	degasses from the powder paint shop	400 m3/h	Poland	
133	ROMET Bydgoszcz	modernization of catalytic afterburners	post-lacquering gasses	10.000 m3/h 7.000 m3/h 4.000 m3/h 1.000 m3/h	Poland	
134	DAEWOO Lublin	modernization of the catalytic afterburner	post-lacquering gasses	6.000 m3/h	Poland	
135	MILMET Sosnowiec	repair and modernization of the catalytic afterburner	post-varnishing gasses	5.000 m3/h	Poland	
136	MOSTOSTAL Zabrze	automation and visualization of lacquering processes	paint shop of large-size elements		Poland	1999
137	PAFAL Świdnica	implementation of the technology of powder lacquering suspension system utilization	powder paint shop		Poland	
138	SGL CARBON Nowy Sącz	implementation of the new generation of catalyst Pt for CO oxidation	heat treatment of carbon electrodes	4.000 kg	Poland	
139	Drukarnia Akcydensowa Łódź	modernization of EKO-DOM co. catalytic installation	ethanol, ethyl acetate, isopropanol	10.000 m3/h	Poland	
140	RAFINERIA Jasło	catalytic and adsorptive installation	hexane, pentane, benzene, toluene	1.000 m3/h	Poland	
141	AMCOR-RENTSH EUROPE Łódź	catalytic and adsorptive installation	isopropanol, ethyl acetate, buthyl acetate, ethanol	20.000 m3/h	Poland	2000
142	OBR Petrochemia Płock	catalytic and adsorptive installation	toluene, methanol	10.000 m3/h	Poland	
143	RAFINERIA Jasło	installation of the thermal and catalytic afterburner	post-oxidizing gasses	8.000 m3/h	Poland	
144	VARPLEX S.A. Dąbrowa Górnicza	installation of the catalytic afterburner	waste gasses from painting and insulating of steel pipes	4.500 m3/h	Poland	
145	FABIOS Maków Podhalański	installation for utilization of sludge from Bio-WWTP	bio-WWTP and waste products	30 tons/week	Poland	
146	MONSANTO EUROPE	special valves for catalytic afterburners	installation for purification of exhaust gasses from the production of roofing	20.000 m3/h	USA	
147	BESTER Bielawa	flow catalytic afterburner	gasses from the electroinsulating lacquer drier	250 m3/h	Poland	2001

148	BUPECO Józefów	catalytic and adsorption installation	exhaust gasses from the heel lacquering process	7.000 m3/h	Poland	
149	OLIVA Gdynia	adsorption installation	respirations from solvent tanks	4.000 m3/h	Poland	
150	FERRUFORM Lulea	catalytic installation	cataphoresis paint shop	5.000 m3/h	Sweden	
151	STOCZNIA GDAŃSKA Gdańsk	catalytic and adsorptive installation	large-size paint shop	18.000 m3/h	Poland	
152	BESTER Bielawa	flow catalytic afterburner	Exhaust gasses from the electroinsulating lacquer drier	350 m3/h	Poland	
153	STOCZNIA GDAŃSKA Gdańsk	catalytic and adsorption installation	large-size paint shop	30.000 m3/h	Poland	
154	BESTER Bielawa	flow catalytic afterburner	exhaust gasses from the electroinsulating lacquer drier	400 m3/h	Poland	
155	ONDULINE France	modernization of RCO in MONSANTO co., delivery of 2,5 tons of a special catalyst	exhaust gasses, mainly CO, toluene, benzene, formaldehyde	20.000 m3/h	France	2002
156	RAFINERIA Gdańsk	periodical repair of the catalytic afterburner	exhaust gasses from the lacquer line and lacquer drier	6.000 m3/h	Poland	
157	PAFAL S.A. Świdnica	periodical survey, delivery of the catalyst	exhaust gasses from the process of utilization of lacquer wastes, repair of reaction chambers		Poland	
158	SGL CARBON Nowy Sącz	periodical repair of the catalytic installation, delivery of 12 tons of the special catalyst	exhaust gasses from the process of heat treatment of carbon electrodes, mainly CO, NOx, H2S, CS2	120.000 m3/h	Germany	
159	SHELL Holland	modernization and improvement of RCO in MONSANTO co., delivery of 1,5 tons of the special catalyst	exhaust gasses from the process of chemical production, mainly methane and ethylene	20.000 m3/h	Holland	
160	Oczyszczalnia Ścieków Świdnica UNPAID NOT WORKING	sludge mineralization plant (under construction)	utilisation of sludge with full purification of air and heat recovery	40 m3/ 24h	Poland	
161	Oczyszczalnia Ścieków Świdnica	catalytic afterburner	design and execution of the automatics system for a WWTP		Poland	2003
162	HERBAPOL Wrocław	adsorption installation	air cleaning in DEGESHA chambers methylene bromide	3.000 m3/h	Poland	
163	BLACK CARBON (DEGUSSA) Germany	installation of the flow catalytic afterburner	removing anthracene oil vapors from the air	1.500 m3/h	Germany	
164	HERBAPOL Wrocław	adsorption installation	air cleaning in DEGESHA chambers methylene bromide	3.000 m3/h	Poland	
165	POCZTA POLSKA terminal Poznań	catalytic afterburner	realization of the automatics system		Poland	

166	DELPHI	installation of the thermal afterburner	purification of the exhaust gasses from the cataphoretic paint shop	1.700 m3/h	USA	
167	HERBAPOL Wrocław	adsorption installation	air cleaning in DEGESHA chambers methylene bromide	3.000 m3/h	Poland	
168	TRI (POLAND)	catalytic and adsorption installation	purification of vapor from the processes of metal elements rubberizing - motorization	44.000 m3/h	Japan	2004
169	ORTIS Bydgoszcz	2 installations of active filters	thoroughly cleaning of exhaust gasses from heat-offset and printing processes (deodorization)	20.000 m3/h 10.000 m3/h	Poland	
170	ELITTE CAFE Tarnowo Podgórne	catalytic afterburner	exchange of a catalytic insert in a coffee-roasting house	20.000 m3/h	Poland	
171	Przeginia Duchowna	WWTP	multi – branch project of the WWTP development and modernization		Poland	
172	ELITTE CAFE Tarnowo Podgórne	catalytic afterburner	exchange of a catalytic insert in a coffee-roasting house	20.000 m3/h	Poland	
173	BESIX Oostende	filters and catalytic reactors	purifying of gasses which originate from: -combustion of waste, vegetable and animal oil in DIESEL engines -production of green – power energy, Oxcat, DeNOx; soot filters	60.000 m3/h	Belgium	2005
174	MPOŚ Oświęcim UNPAID NOT WORKING	installation for the utilization and recovery of hazardous waste and other organic waste according to Pyro – Kat technology	design of the installation, obtaining building permission, project	20 tons/24h	Poland	
175	BESIX Oostende	filters and catalytic reactors	purifying of gasses which originate from: -combustion of waste, vegetable and animal oil in DIESEL engines -production of green – power energy, Oxcat, DeNOx; soot filters	60.000 m3/h	Belgium	
176	SCARLETT Bielsko – Biała	installation for the low – temperature revarnishing of varnish suspensions for Fiat Auto - Poland	one quasi – pyrolytic chamber with catalytic and adsorptive purification of post-reaction gasses and with heat recovery	2,5 tons/24 h	Poland	
177	BESIX Oostende	filters and catalytic reactors	purifying of gasses which originate from: -combustion of waste, vegetable and animal oil in DIESEL engines -production of green – power energy, Oxcat, DeNOx; soot filters	60.000 m3/h	Belgium	

178	BESIX Oostende	filters and catalytic reactors	purifying of gasses which originate from: -combustion of waste, vegetable and animal oil in DIESEL engines -production of green – power energy, Oxcat, DeNOx; soot filters	60.000 m ³ /h	Belgium	
179	Onduline Polska	catalytic afterburner	design and exchange of a new catalyst for selective formaldehyde oxidation	3 tons	Poland	2008
180	GOTEC Polska	catalytic – adsorptive installation at the phase of designing	reduction of VOC from the process of rubberizing metal and applying plastic	55.000 m ³ /h	Germany	
181	ERSI Poland	catalytic – adsorptive installation	reduction of VOC from the process of painting	10.000m ³ /h	Poland	
182	PORTKA Kołobrzeg	installation for production of thermal and electric energy from municipal waste, sludge and industrial waste	one reaction chamber and adsorptive-catalytic system for the post-reaction gas treatment	10 tons of organic waste/24h	Poland	2009
183	Volvo Polska Wrocław	Adsorptive – catalytic installation	reduction of VOC from the technological process	40 000m ³ /h	Poland	2009
184	KOMAGRA Tychy	two-stage catalytic oxidiser	reduction of VOC, mainly hexane, from the technological process	200 m ³ /h	Poland	2009
185	PCC Rokita Brzeg Dolny	three-stage catalytic oxidiser	reduction of VOC, mainly styrene	1500 m ³ /h Styrene concentration 20.000ppm	Poland	2009
186	MOKATE Żory	installation for mineralization of foil and municipal waste, sludge	Reaction chamber and adsorptive-catalytic system for the post-reaction gas treatment	4 tons of organic/ 24h	Poland	2011
187	Jw PowerCO Sp. z o.o. Kutno	design of the installation for the mineralization of sludge and municipal, industrial, hazardous and other, non hazardous waste		50 000 t/year	Poland	2011
188	Ra-Tar Sp. z o.o. Tarnobrzeg	design of the installation for the mineralization of sludge and municipal, industrial, hazardous and other, non-hazardous waste		40 000 t/year	Poland	2012
189	Balena Warsaw	design of the installation for the mineralization of sludge and municipal, industrial, hazardous and other, non-hazardous waste		2 installations 40 000 t/year each	Poland	2012
190	Clean World Energy Warsaw	design of the installation for the eco-mineralization of		300 t/24h of organic waste-hydration level	Poland	2012

		industrial, hazardous and other organic waste(hydration level 20-30%)		20-30%		
191	Enmiko Poznań	design of the installation for the eco mineralization of municipal, industrial and other non-hazardous waste		2 installations 50 000 t/year each	Poland	2012
192	Gospodarstwo Rolne Wiśniówka Gdańska Nowy Dwór Gdański	design of a biomass thermal power station		100 000 t/year	Poland	2012
193	Mineralizacja Gdańsk GP Gdańsk	design of the installation for the eco mineralization of municipal, industrial, hazardous and other non-hazardous organic waste		Target -240 000 t/year	Poland	2012/2013
194	Ra-Tar Sp. zo.o. Tarnobrzeg	design , execution and start up of the mobile, laboratory installation for the organic waste utilization		Up to 10m3	Poland	2013
195	Dardrew Sp,zo.o. Torzym	Design of installation for eco mineralization of municipal, industrial, hazardous, and other non-hazardous organic waste		Up 7200t/year	Poland	2014/2015
196	Opal Sp zo.o. Grodzisk Wielkopolski	Design of installation for eco mineralization of municipal, industrial, hazardous, and other non-hazardous organic waste		Up 1800m3/year	Poland	2015
197	Mexico	Design of installation for eco mineralization of municipal, industrial, hazardous, and other non-hazardous organic waste		Up 360 000t/year	Mexico	2015/2016

Installations for the protection of the atmosphere

Other installations

Sales of licenses:						
198	Tuba-Met	Elaboration of base documentation and implementation of a license for ethylene converter production according to RCO technology-fruit storage.			Szwajcaria	1985
199	Modo- Chemetix	Elaboration of base documentation concerning commercial production of RCO reactors.			Szwecja	1986
200	Neogen Food Technique East Lansing	Elaboration of base documentation and implementation of a license for ethylene converter production according to RCO technology-fruit storage in the USA and Canada			USA Kanada	1986
Implementation of physicochemical tests and provide a method for the mineralization of sewage sludge:						
201	Rejonowe Przedsiębiorstwo Wodociągów i Kanalizacji	municipal sewage sludge			Chorzów	1999
202	Rafineria Gdańsk	refinery sludge and sludge flotation			Gdańsk	2000
203	Przedsiębiorstwo Wodno-Kanalizacyjne Sp. z o. o.	municipal sewage sludge			Dąbrowa Górnicza	
204	MOŚ w Białymstoku Sp. z o. o.	municipal sewage sludge			Białystok	
205	SEWIK Sp. z o. o.	municipal sewage sludge			Zakopane	2001
206	Saur Neptun Gdańsk SA	municipal sewage sludge			Gdańsk	
207	MPGK Sp. z o. o. Stargard	municipal sewage sludge			Stargard Szczeciński	
208	Sanockie przedsiębiorstwo gospodarki komunalnej Sp. z o.o	municipal sewage sludge			Sanok	
209	Wodociągi Płockie Sp. z o. o.	municipal sewage sludge			Płock	
210	MPWiK SA w Krakowie	municipal sewage sludge			Kraków	
211	Sądeckie Wodociągi Sp. z o. o.	municipal sewage sludge			Nowy Sącz	
212	MPWiK SA w Warszawie	municipal sewage sludge			Warszawa	
213	AQUA SA	municipal sewage sludge			Bielsko Biała	
214	Miejska Kanalizacja i Wodociągi Sp. z o. o.	municipal sewage sludge			Czarnków	2002
215	Spółka Wodno-Ściekowa "Bóbr" Żagań	municipal sewage sludge			Żary	
216	Spółka Wodna Kapuściska	municipal sewage sludge			Bydgoszcz	
217	Przedsiębiorstwo Oczyszczania Sp. z o. o.	municipal sewage sludge			Morąg	
218	Przedsiębiorstwo Usług i Inżynierii Komunalnej Sp. z o. o.	municipal sewage sludge			Łuków	
219	Wodociągi Kieleckie Sp. z o. o.	municipal sewage sludge			Kielce	2003
220	Grupowa Oczyszczalnia Ścieków Sp. z o. o.	municipal sewage sludge			Łódź	
221	PWiK Sp. z o.o. w Gorzowie Wielkopolskim	municipal sewage sludge			Gorzów Wielkopolski	

222	Spółka Wodno-Ściekowa "Strzegowa"	municipal sewage sludge		Ostrzeszów	
223	PGK Żyrardów Sp. z o. o.	municipal sewage sludge		Żyrardów	
224	Bytomskie Przedsiębiorstwo Komunalne Sp. z o. o.	municipal sewage sludge		Bytom	2004
225	Zakład Gospodarki Komunalnej i Mieszkaniowej	municipal sewage sludge		Koluszki	2005
226	Regionalne Centrum Gospodarki Wodno-Ściekowej SA	municipal sewage sludge		Tychy	2006
227	Oczyszczalnia Ścieków w Krośnie	municipal sewage sludge		Krosno	2007
228	Akwa Sp. z o.o. Wodociągi i Kanalizacja	municipal sewage sludge		Nysa	
229	Oczyszczalnia Ścieków w Rowach	municipal sewage sludge		Rowy	2008
230	Oczyszczalnia Ścieków w Barlinku	municipal sewage sludge		Barlinek	2009
